

The Native Hawaiian people have sought passage of this bill for ten years. The Hawaii State Legislature, which serves as the representative voice of Hawaii's people, has demonstrated continued commitment to Native Hawaiian self-governance and self-determination by unanimously affirming three separate resolutions supporting federal recognition of Native Hawaiians.

Thank you for creating an atmosphere of dialogue with the various stakeholders. I appreciate your diligence and openness in working with the state administration and community constituencies to address the best approaches offered. I trust your judgment in this matter, and am confident that through your careful and thoughtful deliberations, we will have a measure that is worthy of the goals to which we have all aspired over the last ten years.

I believe that the people of Hawaii recognize it is time to deliver a fair process for Native Hawaiians to resolve longstanding concerns in their community as other Native peoples have done. Federal recognition is an essential component in advancing the social and economic condition of Native peoples. To deny Native Hawaiians the rights of self-determination and self-governance as accorded to other Native peoples goes against the very principles of justice and fairness on which our country was founded.

The Native Hawaiian Government Reorganization Act provides an empowering and stable structure on which Native Hawaiians can build a prosperous future for themselves and for our state. Both our identity and the economic well-being of our state are very much intertwined with the well-being of the indigenous peoples of our island home. Effectuating a balanced process that will bring clarity to this issue is the right thing to do for our state, Native Hawaiians and all of the citizens of Hawaii.

Sincerely,

CALVIN K.Y. SAY,
Speaker of the House.

FEEDING NEW ORLEANS' SOUL

HON. ANH "JOSEPH" CAO

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

Friday, February 26, 2010

Mr. CAO. Madam Speaker, I rise today in honor of Black History Month to recognize Ms. Leah Chase. Known as the "Queen of Creole Cuisine", Ms. Chase is a chef, a television host, a cultural ambassador, and the owner of the famous Louisiana landmark Dooky Chase restaurant. Dooky Chase is located in the historic Tremé neighborhood of New Orleans and was immortalized in the television show "Frank's Place".

But it was established as a spiritual, cultural, and historic landmark long before television producers came knocking. During the 1960's, Dooky Chase was a meeting place for civil rights activists and NAACP members coming from all around the region. And, during segregation, notable African American artists such as Ella Fitzgerald and Lena Horne dined there.

When Hurricane Katrina flooded the restaurant, forcing it to close its doors for the first time since 1941, Mrs. Chase could have left, leaving behind all of the history and prominence of this historic spot.

But, she returned, rebuilt, and re-opened to serve, nourish, and inspire the bodies and souls of future generations by its critical con-

tribution to African-American history and the history of this great Nation.

Today, I am proud to recognize Leah Chase for continuing to feed the soul of New Orleans and her guests and for her unwavering commitment to the recovery of Orleans and Jefferson Parishes.

Dr. Bronson has also served as a member of the Cleveland Clinic Board of Governors and Board of Trustees, and is currently chair of the Board of Directors of the Cleveland Clinic Community Physician Partnership.

Dr. Bronson received his undergraduate degree from the University of Maine, and his M.D. degree from the University of Vermont, and he completed a residency in internal medicine there and at the University of Wisconsin. Prior to joining Cleveland Clinic, he was vice chair of medicine at the University of Vermont.

He has been a principal or co-principal in several federal and foundation-funded research efforts, and has published and presented papers in a variety of fields. Dr. Bronson now serves on the Leadership Team and chairs the Clinical Advisory Committee of Better Health Greater Cleveland, a collaborative funded by the Robert Wood Johnson Foundation to improve the health of people with chronic disease.

NATIONAL EATING DISORDER
AWARENESS WEEK

HON. JUDY BIGGERT

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, February 26, 2010

Mrs. BIGGERT. Madam Speaker, I rise today in recognition and support of National Eating Disorder Awareness Week.

Approximately five to ten million Americans, both women and men, suffer from anorexia nervosa, bulimia nervosa, and binge eating disorders. Not only do these mental illnesses have serious physical consequences, they also present substantive obstacles to students' educational achievement: 86% of affected individuals develop their eating disorders before age 20.

On behalf of my constituents who have been personally affected by these illnesses as well as struggling young women and men nationwide, I introduced H. Res. 7 on January 9, 2009. H. Res. 7 will raise public awareness of eating afflictions, expand research for treatment and cures to end the suffering of millions of Americans, broaden access to treatment, and promote healthful eating habits and healthy body image.

It is critical that we use this week as an opportunity to address this national tragedy. It's not just teenagers using whatever means necessary to achieve an ideal body image, it is a mental illness that requires treatment and compassion. I encourage my colleges to join me in recognizing the severity of eating disorders affecting millions of adolescent Americans, and beseech Congress to continue to expand funding for research and treatment as well as awareness of these diseases that plague the lives of our young people.
